Customer Reviews

I'm in love with this book. I really like how simple it is to follow and easy to understand. Jennifer Evans has done a great job. I highly recommended this book. This is the best Anti-Inflammatory cookbook. It gives varieties to formulas in light of the approach you need to take. I am proud to share this with my friends and family members.

This book was very helpful getting rid of my stomach headaches. This is a helpful guide to understanding the benefits of food to the body as well as a straight forward explanation of the diet and its life changing benefits. Very informative and well written book. I like this diet book.

I have been searching for an anti-inflammatory book for a while, this book answer almost all question in my mind. It has lovely recipes with lots of fresh ideas on combining things a little differently as well. I enjoyed reading and making into reality the recipes in here.

If you suffer from any inflammation in your body, this is the perfect book to gain knowledge on what the feed it. The book can be used for a reference and is all you need if this diet is what you want to follow. A great overview that gets any started down the path to a healthy eating life.

A well balanced book. A lot of important information about Anti-Inflammatory Diet has been provided in this book. I was actually impressed by how much useful information is squeezed in such a short book. Such an excellent book. Highly recommended.

Author goes into such detail regarding how to reduce inflammation. I Learned a lot about different foods and spices & herbs that are naturally anti-inflammatory. I really want to try and add more Turmeric to my diet. This is one spice I have not cooked with much. At the end of the book the author provides an entire weeks worth of a meal guide on how to include the mentioned foods into your diet.

More please, you can't leave it there!!!! I was hook at the first and stayed hook through the entire book. Definitely worth reading and I will suggest this book to anyone and everyone.

This is a comprehensive guide to getting started with the Anti-Inflammatory diet and provide you with the information you can use right away to help you get the results you want. I found this book really useful and helpful for anyone interested!
