On The Daltons' Trail (Lucky Luke)

Synopsis

Rin Tin Can, possibly the stupidest dog ever, is left in charge of the jail. Obviously, the Daltons escape and steal some horses and guns. Lucky Luke refuses to get involved, but when he witnesses the prison guards' incompetence and Rin Tan Can's remarkable lack of brains, he has no choice but to set out on the Daltons' trail of holdups and burglaries.

Born and raised in Belgium, author Morris moved to the United States in 1946 and stayed six years. There, he worked for MAD magazine and met Rene Goscinny, with whom he collaborated from 1955 until his own death in 1977. Goscinny also created the IznogoudA" series with illustrator Tabary (published in English by Cinebook) and the hugely successful AsterixA" series with illustrator Uderzo.

Goscinny is one of my most favourite artists who created an array of facial expressions on the major characters perfectly. Some of these Lucky Luke characters are similar to some of these Asterix ones. Likewise, the dumb Daltons are the same with the ignorant Roman soldiers in terms of artistic facial expressions.

Great

I like the Lucky Luke series. In fact, so does my children - ages 25-21, my nieces - ages 6-10 and my other family members - alot older than 25. I miss having a bit of history lesson in the back like the old ones had. Goscinny usually has a good sense of humor. Some aren't as good as others, but they are just a fun read.

Always funny

Kids love them
