Taxation Of Estates, Gifts And Trusts (American Casebook Series)

Synopsis

A thorough, up-to-date presentation of estate, gift, and generation-skipping transfer taxes, as well as income taxation of trusts and estates and income in respect of a decedent. The book also includes a full presentation of valuation issues. Each tax is discussed independently and the paragraph system makes it easy for a teacher to selectively assign materials. Other teacher-friendly features include an in-depth teacher's manual that provides answers to all problems throughout the volume, and a discussion of planning opportunities throughout the various chapters. The 24th edition covers major legislation enacted in December of 2010, as well as significant judicial and administrative decisions since the prior edition.

Customer Reviews

Easy to follow, but may need another supplement to understand better.

Great book

Well-rounded book, a little heavy on the case law side. Book used for course on Estate & Gift Taxation.

The product arrived on time and was well packaged. My wife has been baking some wonderful loaves of artisan-type rye, white and whole wheat breads. They are very crusty, and we had

experienced some difficulty finding a product that could handle the crust. This product worked extremely well, cutting through the crust with ease. We are very pleased with our recent purchase. as a gift to Tommy, low price. great, tell a lot of the product .
